### WARNING TO THE PUBLIC —

Car and Motorcycle Racing is dangerous and persons attending this track do so entirely at their own risk. It is a condition of admission that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles and passengers in the vehicles, are absolved from all liability arising out of accidents causing damage or personal injury (whether fatal or otherwise) however caused to spectators, ticket holders or officials.

### 1989 RACE DATES

August 13th  
September 17th  
October 15th

# Experience the Performance...

We Have the Key

## TODAY'S MEETING

WELCOME BACK to Ingliston after the summer recess. You join us at a crucial time in the Scottish motor racing Championships for with the season half way over there is everything to go for as far as the competitors are concerned and with the chance of dropping one race meeting result everyone will be trying as hard as possible until the end of the season. The current championship positions are published later in the programme and so you can see how they stand.

Today we must welcome Ford Credit and the only Scottish Round of the National Ford Credit Ford Fiesta Championship. This Championship has been hotly contested for a number of years and so a number of welcome faces are back at the circuit. We particularly welcome Brian Farmer who has twice before won at Ingliston and so must be the Fiesta expert but he will be hard pressed by such drivers as Robin Parsons and James Kaye. This fifteen lap race should provide plenty of action as the drivers arrived yesterday and spent the day testing.

Many of the Fiesta Challenge cars which raced here in the past are also racing today as the Scottish Road Car classes have become a haven for Fiestas with no less than eight 1600cc versions taking part in the Road car class up to 1600ccs. Indeed all the road car classes are well filled and promise some close racing. In the 1600 class there are a number of potential winners and indeed there have been so many different winners of this class that their overall points in the Championship have suffered. Watch out for Alan Keith, Kevin Tawse, David Kerr, Iain Gardner, Glen Mortimer and Jonathan Gilbert but Roy Knowles might be worth watching as he is returning to racing at Ingliston after a ten year lay-off and was persuaded back into racing after watching the last Road Car race at the May Ingliston meeting. Maybe you could do better; why not try?

Amongst the interesting cars and drivers out today a lot of attention will be paid to 17 year old David Coulthard who has followed in the footsteps of Allan McNish and become the man to watch in Formula Ford. On his only visit to Knockhill he ran away with the race and here today he will be up against stiffer opposition as he will not have the wide open spaces to play with. His performances in the two British Junior championships which he leads have been nothing short of sensational and clearly he is a man to watch in the future. He will meet the might of the leading Formula Ford drivers here in Scotland who will be scrapping for Championship points.

One of the interesting sports cars out today will be Robin Gray's Porsche 911 which has been well placed in the British Porsche Championship. He came to Ingliston earlier this year but claims that he has more horsepower for this meeting.

Look out too for the fabulous 4.4 litre TVR Tascan entered by Carl Tweedie from Edinburgh. In the same class are two of the very quick little Renault 5 Turbos driven by Richard Lawson - who is also racing in the Fiesta race - and Iain Dewar.

At this meeting there is a separate race for Formula Ford 2000 cars which is a good thing and there are nine of them entered including the Scottish built Rotor driven by Scott Ramsay. Look for the winner to come from Cameron Binnie, Derek Butcher or Sandy McEwen however.

No matter whether you are interested in single seater or road cars there is something for you in today's programme and we hope you enjoy it.

## Drive of the Century

Century Self Drive is an exciting young company that has burst on to the rental market. It is just three years since the first branch opened in Manchester and, since then, the company has gone from strength to strength.

There are now 18 branches throughout the UK including the first two in Scotland – Glasgow and Edinburgh – opened towards the end of 1988. The branches are well positioned to serve the airports and offer a wide range of vehicles to cater for every need.

1989 will see 12 more branches in the UK and the first step into the European market with branches at the six major airport locations opening in May.

Century offer newly registered cars at a price that the man in the street can afford – from only £49.00 + VAT a week for a Ford Fiesta. They are confident that the prices cannot be beaten and newly registered means just that – every car on the fleet is less than six months old.

Century is environmentally aware as well – it was the first car rental company in the country to convert a substantial portion of its fleet to run on lead free petrol. More than 3500 Vauxhall cars were purchased in the second half of 1988. Customer demand was so high that a further 15,000 Vauxhall cars have been ordered since then. It's gratifying to see everybody else following its lead. And of course it's another cost-cutter for the customer. For anybody that is still worried about the availability of lead free its as well to point out that converted cars can run on leaded as well so there is no chance of being stranded if lead free is not to hand.

The company philosophy is clear and simple – Car rental offering new cars at unbeatable prices – No wonder it can't fail.

## FLAG SIGNALS

Races at Inglister except the Historic Car event, are now started by Red/Green lights over the circuit. But also signalling to the drivers is by the use of flags round the circuit. The meaning of these signals is as follows:

**Blue Flag, stationary** — Another competitor is following you close by.

**Blue Flag, waved** — Another competitor is trying to overtake you.

**White Flag** — A service car or slow moving car is on the circuit.

**Yellow Flag, stationary** — Danger, no overtaking and slow down.

**Yellow Flag, waved** — Great danger, slow down, be prepared to stop. No overtaking.

**Yellow Flag with Red Stripes, stationary** — Slippery surface ahead.

**Yellow Flag with Red Stripes, waved** — Slippery surface imminent.

**Green Flag** — All clear, at the end of a danger area controlled by yellow flags. It can also be used to signal the start of a warm-up lap.

**Red Flag** — Immediately stop racing and proceed slowly and with maximum caution to pits or start line obeying marshal's instructions, and being prepared to stop should the track be blocked.

**Black Flag** at individual marshal's posts. The race has been stopped.

**Black Flag with Orange Disc displayed with White Number** — A warning of apparent mechanical failure or of a fire which might not be obvious to the driver. The car concerned *must* call at its pit for repairs on the next lap.

**Black and White Rectangular Flag split diagonally and displayed with a White Number** — A warning to the driver of the car bearing the number that his behaviour is suspect and that he may be black-flagged on further reports.

**Black Flag displayed with White Number** — The driver must stop at his pit within one lap of receiving the signal and report to the Clerk of the Course. A penalty of exclusion may be enforced by removing the car from the race by display of the black flag.

**Black and White Chequered Flag** — End of race or finish.

# Shell Oils

Shell Gemini wins over and over again. Shell Gemini Oil wins the Paris-Dakar, the longest and most gruelling rally in the World. Gemini lubricated the winning Peugeot 205 T16. Proving yet again that Gemini always stays in grade no matter how tough the going gets. Shell Gemini Oil is available from Shell garages throughout the UK.
