# THE NORTON HOUSE HOTEL

By INGLISTON  
EDINBURGH

This hotel, situated directly opposite The Royal Highland showground in 55 acres of parkland has been recently refurbished to International Standards.

The bar and lounge with open log fires offer a warmth of high quality service and hospitality, whilst the oak panelled restaurant offers a full a la carte menu available for luncheon or dinner. However, there is a luncheon menu to suit the family or the businessman.

Sundays are family days and the special Sunday lunch menu is offered with educed rates for children. Also a buffet lunch in the lounge — Salmon, Beef, etc.

To complement these dishes an equally fine selection of International wines are available from our cellars.

All twelve bedrooms have private bathrooms and showers with hair-dryers, trouser presses, radio, colour television, tea/coffee making facilities and telephones.

A private room is available for weddings, meetings, dinners, dances, and exhibitions.

## TODAY'S MEETING

Today we welcome Ford Credit Ltd., as the major sponsors of this September Ingliston meeting. As a result of this we are in for a lot of action particularly centred round the race in the Ford Fiesta Championship which is sponsored nationally by Ford credit.

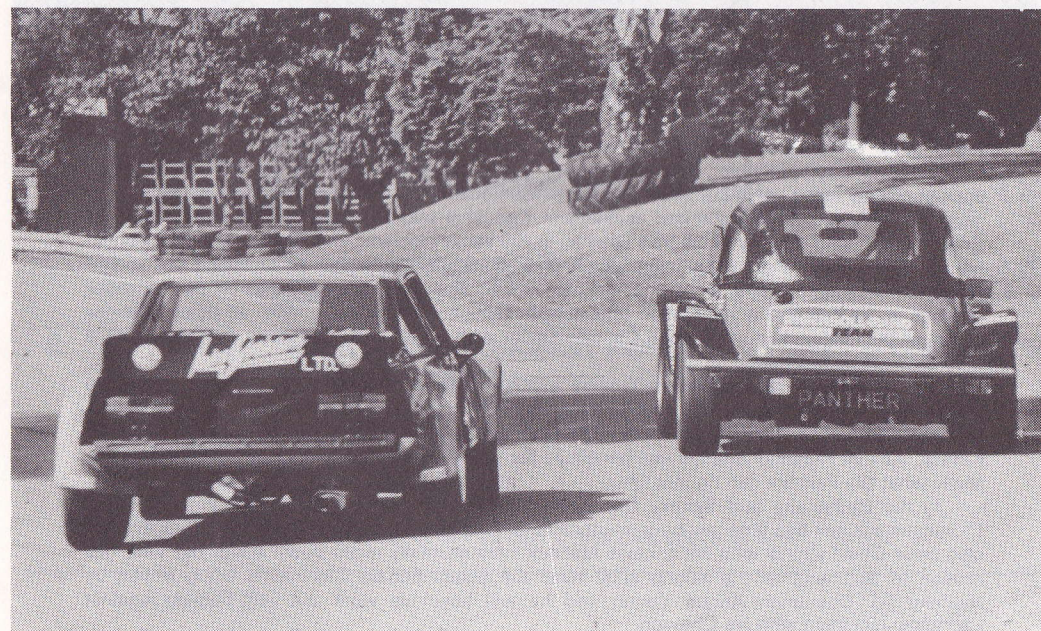

This event is race 4 on the programme and those who were with us last year will know that this is a very close form of racing, a one which sometimes leads to body contact. With eleven rounds of the championship already gone the current leader is Ian Briggs from Reading who has 68 points. In second place is Mike McNerney with Lincolnshire's Robin Parsons in third place. For the Ingliston spectators, however, all eyes will be on the Ilford car of BBC D.J. Mike Smith who currently lies fifth in the championship and is right behind Brian Farminer.

Giving some local interest we have Vic Covey who used to be seen racing PRS Formula Fords at Ingliston but forsook these for the pain of MG Metro racing. Welcome back Vic.

In addition to the Ford Fiesta Challenge drivers we welcome all of Ford Credit's guests who are here today and for those who have not been to Ingliston before you may be interested to know that this is the twentieth season of motor racing at this circuit. The lap record is held by David Duffield with the Money Concepts Ralt RT4 and it stands at an average speed of over 85 m.p.h. which is quite considerable when you see the number of corners involved.

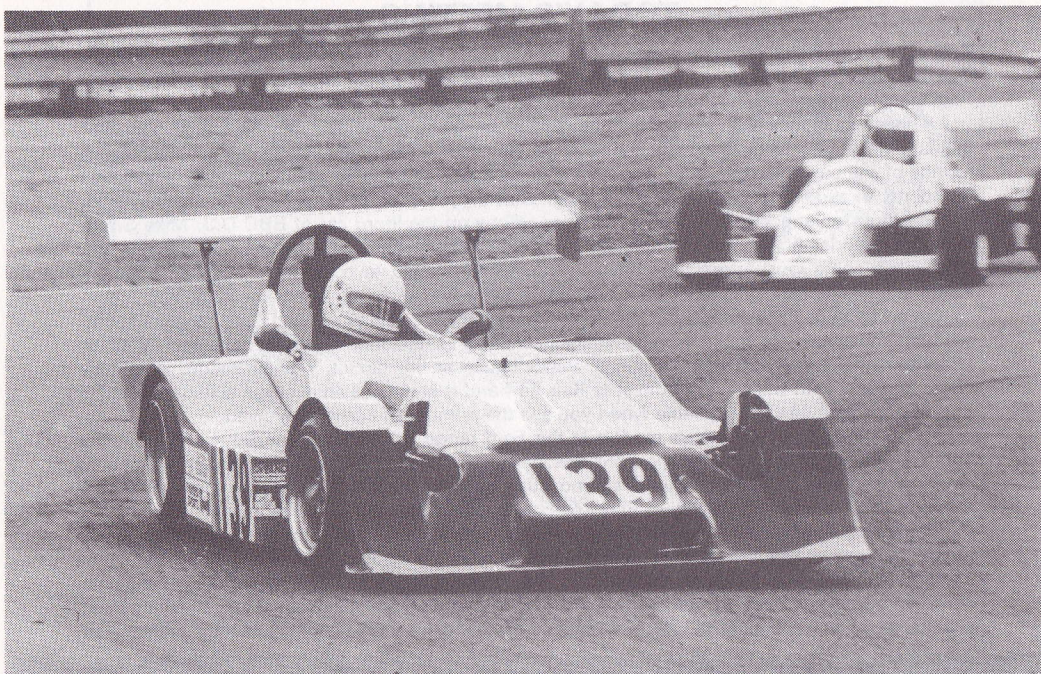

Throughout the day various models in the Ford range will be seen around the track and a number of Ford dealers have supported this particular meeting. We would particularly like to mention Laidlaws of Hamilton who are no strangers to motor racing at the circuit as they formerly sponsored Duncan Hall in Formula Ford racing. Other old friends include Alexander's the Edinburgh Ford dealer who have been associated with the sport back through the years to the days of one of the founders Henry Alexander who was a leading light.

The first event on the race card today is the **Laidlaws Trophy Race** for Formula Ford cars which is always an exciting event as the first four in this race qualify for the main Formula Ford event later in the programme. All of Scotland's leading Formula Ford drivers are taking part

*Tony Stubbs will be back at today's meeting with his Panther Kalista. He is seen leading Ray Stewart's Clan.*

*Eric Paterson is one of Ingliston's regulars over the past twenty seasons and is now going quickly with his Mallock.*

today save Tom Brown the current leader in the Championship who is competing in the European FF Championship. This means that many of his rivals in the class see this as an opportunity to catch up in points. The men to look out for are Willie Rose who was striving to repair his Reynard following a bad accident at Knockhill two weeks ago. The same is true of Colin Birbeck who destroyed his Van Diemen in the same incident. This means that Aberdonian Harvey Gillanders, who crashed here at the last meeting but who has replaced his car with a 1984 Van Diemen is likely to be the man to watch. Neil Cochrane will also be out to make amends as he has had a sometimes unfortunate season with his Lola. With all these mishaps amongst the leaders keep an eye on Geordie Taylor with his Sparten and Peter Jamieson with a PRS as likely dark horses.

The **Data General Computers Trophy** which follows is for road sports cars and in this we are likely to see the repeat of the monumental battle at the August meeting between Derek Butcher's Lotus Caterham Seven and Tony Stubbs from Byfleet with the factory Panther Kalista. At that meeting Stubbs was penalised for going across the kerbs but he will be out to show what the Panther can do this time.

In the **Clubmans and Sports Car Race** Kenny Allan is likely to do well with his Vision Clubmans car but this time we have another new Vision in the hands of Leslie Duncan and we also have David Childs with his B class Mallock who normally races down south but who has moved to Scotland. In the Sports 2000 class the Ecurie Ecosse Chevron is being driven by reigning GT Champion Angus Young and he will have his work cut out battling against Laurence Jacobsen with his Chevron.

The **Forth Electrical (Stirling) Race** for GT cars will be another battle between Jim McGaughay in the FES sponsored Lancia-Toleman, and Ron Cumming has been going very well this season and could surprise McGaughay.

The **Alexanders Trophy Race** for the main Formula Ford cars is one of those races one dare not guess the winner as points are at stake for the **Bernard Hunter Crane Hire** Scottish Formula Ford Championship.

The **Ace Aviation Trophy** for Formula Libre cars brings together those main protagonists Jim Stevenson with his Ralt RT4 and George McMillan with his Ralt RT2. McMillan has had some engine problems this season but will be out to better Stevenson who has adapted to his new car very well. He is leading the Bernard Hunter Crane Hire Formula Libre Championship and might clinch the title at this meeting.

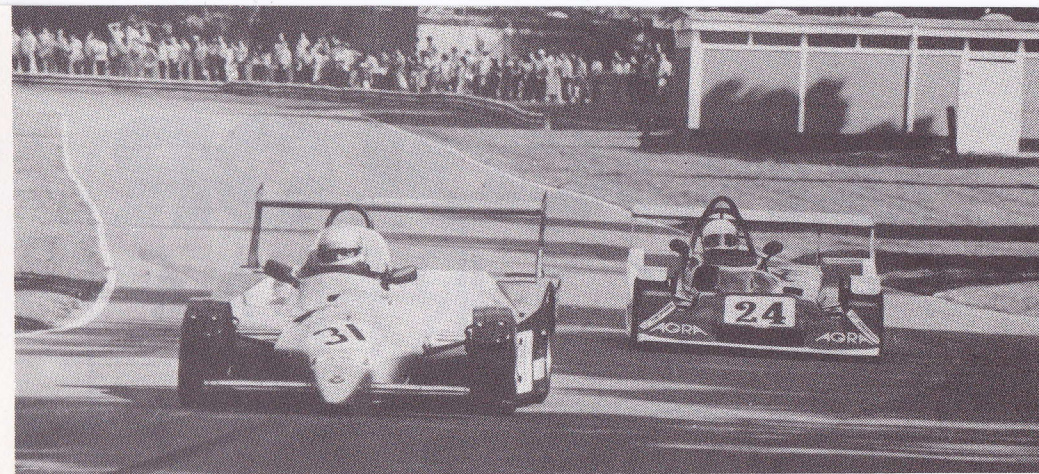

In the **Ford 2000** class, however, there is a great deal of Speculation. Stephen Robertson is the leader but Chic Stenhouse is the man to watch. Stenhouse, like Robertson, has moved from FF1600 but only bought his car three months ago and has so far won both classes at Ingliston.

Finally, the race that everybody waits for is the **Luckpenny Trophy** meeting for Road Saloons. If you are tempted to go away early, wait and see this. Dr Hugh Chalmers with his Talbot Sunbeam is the man to beat and rally driver Jimmy McRae is flying into Edinburgh this morning from Manx Rally to see if he can beat the flying doctor using Hugh McCaig's Vauxhall Chevette. McRae's brilliant car control is worth watching.

We hope you enjoy today's meeting and look forward to seeing you on October 7th.

## FINAL RACE MEETING

Sunday, October 7th sees the final race meeting of the season at Ingliston with the regular Historic Car Race and the final rounds in the Scottish Championship.

Kenny Allan's Vision Clubmans car with his regular competition, John Fyda's Mallock. Fyda will miss this meeting as he is racing in Holland.

## TODAY'S SPONSORS

As mentioned earlier today's meeting is sponsored by **Ford Credit Ltd.**, which gives financial backing to the Ford dealer network in Britain enabling you to finance your new Ford at the best possible rates. The company is represented here today and so if you have any problems or any questions about financing your next new car have a word with them.

Two of Scotland's leading Ford dealers are also sponsoring the Formula Ford races. **Laidlaws of Edinburgh**, who also have outlets in Coatbridge, Dunfermline and Kirkcaldy, have a full range of Ford models available and you will see today a number of cars in that range between the races.

**Alexander's of Edinburgh** whose headquarters are in Morrison Street, Edinburgh, are one of Scotland's biggest Ford dealers. They have been handling Fords for over sixty years and are so one of the oldest dealerships for the famous make. Their sales staff are present today and will arrange test runs in any of the models. Remember to pick up a brochure.

**Data General**, who are sponsoring the Road Sports Car Race — and incidentally also sponsor Tom McCallum's TR7 V8, are one of the world's leading suppliers of small and medium sized general purpose computer systems and services to markets that demand products with increased productivity, decreased costs and improved quality. In manufacturing terms they are the third largest producer of mini-computers and more than 130,000 Data General computer systems are installed worldwide.

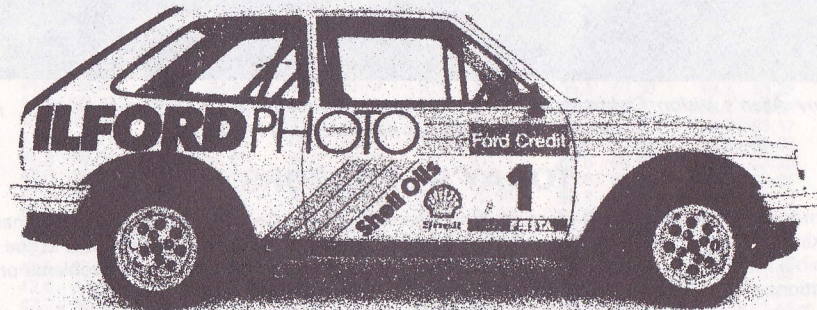

The Scottish headquarters of Data General Ltd. are at Trident House, Paisley, with a northern office in Aberdeen. Here in Scotland their customers include the Bank of Scotland, BBC, Weir Pumps, Strathclyde Fire Brigade, Forth Wines, *The Scotsman*, and Texaco. As well as selling direct the Data General equipment is sold by selected systems houses who add their own software and sell the packaged systems.

The Formula Libre race is being sponsored today by **Ace Aviation** who are based at Glasgow Airport. Ace Aviation is run by Douglas Bailie who raced a variety of cars at Ingliston before concentrating on his financial consultancy and aviation business. The company operates a 6/7 passenger Piper Navajo aircraft out of Glasgow Airport on a 24-hour basis and they are equipped to carry urgent freight or passengers on a 24-hour basis and normally require only half an hour's notice. Executives wishing to travel to destinations not served by the airlines or requiring flight changes use Ace as they can cut down on their waiting times. Car hire and hotel accommodation can be arranged for customers and your contacts at Ace are Janet Routledge and Jennifer Campbell who can give you advice. For Edinburgh based customers the company also has a Piper Chieftain based at Turnhouse.

Remember too that your photographs of Mike Smith's racing Fiesta could win you a Ford Fiesta in the **Ilford Photographic Competition** provided you remember to get an entry form at your local camera shop.
